

## From the Community

While I do not attend Board Meetings, I watch them on TV and as a result have attended a few committee meetings. I am concerned about the non-residents who participate in activities within our community and are assessed very little money for the privilege. For example, bridge players forfeit \$4, a small fee for use of our facilities. Do the individual clubs have by-laws stipulating funds coming in and use of funds going out?

H.N.  
United Mutual

Why are residents of United Mutual permitted to rent our homes only six months of each year? This is out-and-out discrimination. Whatever the reasoning was 40 plus years ago, times change and the rules need to change with them. PCM seems to act as though they are the owners, and we--the real owners--are just a nuisance; and the Board, our electec representatives, feel they are the only ones who should have a voice.

United Mutual

We need to fix what's broken before we start building anew. New construction makes sense only if current problems are resolved (plumbing, electrical, etc.) and it adds revenue to Laguna Woods Village.

J.A.  
Third Mutual

I remember working for a boss I thought to be less than intelligent. When I expressed my opinion to him I was fired. Why do we put up with less than clear thinking and respect from our Boards and the Management Company?

P.G.  
Third Mutual

Why must we build additional living units? It seems to be all we can do to maintain existing manors. The quality of living is paramount and should not be sacrificed along with remaining open space. I would, however, entertain the idea of building a restaurant off Moulton near Clubhouse 7 where the construction trailer now stands vacant. Would Mimi's (or of like kind) be interested?
