

Street Noise!

Individuals are identified by initials only for fear of reprisal by their Boards &/or General Manager.

Who benefits from the advertising revenue generated by the new Homeowner's Telephone Directory? Depending upon the residents to keep this information current is a stretch. Should not an accurate list of homeowners and occupants be maintained by GRF and made available to the publisher?

BT—Third Mutual

At the 12/02 GRF Board meeting it was voted to have a holiday party for directors saying it would only cost \$.17 per manor to do so. These are not people I would allow in my home, why would I pop for a party for them exclusively? The suggestion made that they pay for their OWN celebration was ignored. Erwin Stuller then further clamped down on member's right to speak at board meetings since they would recess as close to noon as possible, coming back to the open meeting **AFTER THE CLOSED SESSION** in the afternoon. **HOW CAN WE GET RID OF GRF** which is so obviously run by PCM?

Outraged Resident

It appears some people are given common ground when they enclose a patio. This amounts to gifting OUR LAND.

FNS—Third Mutual

Why is it that landscape planting in small area throughout LWV that are not in critical need of improvement receive attention while cul-de-sac

218, Gate 10, and other massive areas have been left without attention?

MRL—Third Mutual

At each and every board meeting, GRF, United and Third Mutual, there are new resolutions passed. Where are these rules published so we can refer to them? How are we supposed to abide something we know nothing about? Perhaps we **CAN PAY FOR COPIES** if we ask nicely.

DP—United

Have the buildings in Laguna Woods village been retrofitted to make them earthquake safe?

RMN—Third Mutual

The new telephone directory could be useful were the information current. Please, GRF/Farmer Publications, update and edit prior to future distribution.

ALG—United

Is there any editing done in behalf of Farmer Publications for the Laguna Woods Village Homeowner's Telephone Directory 2008-2009 recently distributed on our doorsteps? I, a homeowner since 2007, was not included; yet my friend's mother is listed even though she died three years ago.

ORN—Third Mutual

Letters to the Editor

The following letter is reprinted from the October Issue to correct missing information.
