Seniors or Criminals

If you have been listening to the Board Meetings over the past few months, it is evident that as we get older we lose the ability to communicate with one another. A

prime example is the tirade that the GRF Board President, Erwin Stuller, exhibited in his last Board Meeting on June 6, 2009.

In response to Kay, he said, “You have a loud

mouth and I’m not going listen to it!” His response to Jane was, “I don’t feel that I should have to be polite to you madam. I’ve had quite a bit ..uh enough of this this morning!”

(Check out the following website if possible. It will give some insight into what this GRF President thinks of a Leisure World Senior;

Both women were attempting to air a complaint, as is their Home Owners Association right. In return they were treated as though

they were hardened, un-repenting criminals. We should be thankful that we never came before this “Judge?” looking for understanding and an open mind.

We are faced with Directors who fail to realize that their fiduciary responsibility to the owners includes both monetary oversight, and, civility when communicating with the owners for *whom they work*.
